MEMORANDUM FOR: CIA Review Group

SUBJECT: Special Assistant to the DDC

SUBJECT: Review of U.S. Relations With Pan American
World Airways, Its Subsidiaries and Individuals

1. Attached is a report to me certifying that the DDC records on Pan American World Airways (PAWA) have been searched. My review of the possible Category III items is as follows:

Item 4.a. The individuals identified are probably Mr. and Mrs. George de la Motte, a list of names that I believe are the only persons who were associated with both the Warren Commission and President Kennedy; not Category III and of no consequence in my judgment.

Item 4.d. and e. I see nothing improper in these; the documents summarize in draft the cooperation of a CIA employee with the Air Force after coordination with DDC. There would be no impropriety in Air Force records or otherwise regarding a CIA employee for his assistance in a common Air Force practice.

Item 4.f. Based on Mr. Gifford and Miss Schmitt's comment, I directed that another search should be made because the memorandum suggests that DDC might be able to use its influence with American firms, including IBM, to gain Gifford's trip to the US a success. There is no indication anywhere in our case correspondence, however, that Locality 27, an Africa Division officer, visited DDC's New York Field Office on this matter or that the subject had ever discussed further than in this single piece of correspondence.

Item 4.g. The comment is slightly incorrect in that 4.d. 4.35 suggests that CIA material on the Soviet SST be given to IBM. DDC New York Field Office

Agency support of PAA testing of the T-144.

2. After Miss Fehrdt and Mr. Affinito completed their survey
and signed their certification (attached), Miss Fehrdt located
two additional items, DTIC 4574 and DA 67156 (attached). These
indicate that a request was made by a PAA official and responded
to by Chief, LCB in regard to the contemplated Southeast Asia
operations by Continental Airlines, a possible PAA competitor.

3. You will note an inconsistency in the handling of this
material in PAA. Mr. Affinito and Miss Fehrdt have certified the
information they collected and have used their notes in their reports
to me. In the interest of space, I have not corrected this
inconsistency.
